IMPORTANT NOTICE – DUTY OF FAIR PRESENTATION

The Insurance Act 2015 came in to force on 12th August 2016. Under this Act, you owe a duty of disclosure to the Insurer which includes your duty to make a fair presentation of the risk. A 'fair presentation' is one:

- Which clearly discloses all material circumstances which the Insured's Senior Management (defined as those individuals who play significant roles in the making of decisions about how the Insured's activities are to be managed or organised), including persons responsible for the Insured's insurance, know or ought to know following a reasonable search or which is sufficient to make the Insurer ask questions about the risk. A circumstance is material if it would influence an Insurer's judgement in determining whether to take risk and, if so, on what terms. If you are in any doubt whether a circumstance is material we recommend that it should be disclosed:
- · Which discloses information in a manner which is clear and accessible to a prudent insurer (ie no 'data dumping');
- In which every material representation as to a matter of fact is substantially correct and every material representation as to a matter of expectation or belief is made in good faith.

Failure to disclose a material circumstance may entitle an Insurer to:

- In some circumstances, avoid the policy from inception and in this event any claims under the policy would not be paid;
- Impose different terms on your cover, and / or
- Proportionately reduce the amount of any claim payable.

This duty applies:

- Before your cover is placed;
- When it is reviewed; and
- At any time that it is varied.

Your policy wording may also provide that this duty continues for the duration of the policy.

You should contact us immediately for assistance if you are unsure whether information may be material, or if it comes to your attention that you may have not disclosed full and accurate information.
